LAST CHANCE LAST CHANCE LAST CHANCE

In order for an agency to be eligible for potential MSP back claiming, the Medicaid Provider application must be submitted (post-marked) by February 28, 2009. ODJFS has approved back claiming for the time period of October 1, 2007 through October 1, 2009. If your agency documented during that time period and have not yet completed your Federal and State applications, please see the sections below for specific directions.

Federal National Provider Identification Number

This is the first application that you should file. Each participating district is required to obtain a National Provider Identification Number (NPI). The application is an on-line process that can be accessed at <https://npes.cms.hhs.gov>. For assistance with this process, contact Nancy Watkins at nwatkins@teamhbs.com or Dave Welsh at dwelsh@teamhbs.com.

ODJFS Medicaid Provider Application

All school districts must also complete the State Provider Enrollment application. The State Provider Enrollment application can also be accessed on-line at <http://jfs.ohio.gov/OHP/bpo/pnms/providerDocuments/Organizations.stm>. Please contact Debbie Miller at dmiller@teamhbs.com or Dave Welsh at dwelsh@teamhbs.com for specific line-by-line instructions if needed.
