**Medicaid School Program Back-Claiming**

The entire back-claiming period is for the 4 ¼ year period of 07/01/05 – 09/30/09. Currently the ODJFS are paying the MSP claims for the period of 10/01/07 – 09/30/09, which is the last two years of back-claiming. The ODJFS are paying these two years of claims with State money, with the intent of reaching an agreement with CMS to recover these funds, as well as funds needed to pay the remaining 2 ¼ year period of 07/01/05 – 09/30/07 claims.

Although claims for the 2 ¼ year period of 07/01/05 – 09/30/07 are not currently being paid, ODJFS has established the deadline of 09/30/09 to get those back-claims submitted. The same deadline also applies to the additional period of 10/01/07 – 09/30/08. The remaining period of 10/01/08 – 09/30/09 falls under the normal Medicaid 365-day filing limit.

If your district has any unprocessed Medicaid documentation forms that fall within these periods, please get them to your billing agent as soon as possible. Also make certain that you are not back-claiming for any services that you paid for with Title VI-B/IDEA revenue.
